In the heart of Florence since 1970

Fine Arts | Liberal Arts | Design

The SRISA **Scholarship Program** provides an invaluable opportunity for prospective SRISA students to study abroad in Florence. The program is designed to recognize students who have excelled academically, are artistically talented, under-represented, or exhibit a financial need. SRISA Scholarships are awarded to a carefully selected group of students who have demonstrated discipline, integrity, tenacity, and strong academic standing.

Scholarships are available for the Fall and Spring semesters only, with the exception of the Need Based Scholarship, which is also available during the Summer A term (amount awarded will reflect Summer A tuition). Scholarship applicants must be enrolled full-time through SRISA and have at least a 2.5 cumulative grade point average.

Terms and Conditions:

There are a limited number of scholarships available. Candidates who meet the scholarship criteria and program requirements will have their scholarship application file reviewed and evaluated by an interdepartmental selection committee. Candidates will be evaluated based on the scholarship for which they are applying on academic merit, need, letters of recommendation, and the overall creativity and quality of their essays and/or supporting material.

All Scholarship recipients are encouraged to become integrated into the SRISA program and activities, as well as act as SRISA student ambassadors upon return to their home university. This involves attending study abroad interest meetings, representing SRISA at their university's study abroad fair and info sessions, and encouraging students to study abroad.

Full Tuition Merit Scholarship recipients are expected to write two monthly articles for the school blog.

Full and Partial Tuition Work-Study Scholarship recipients are expected to write two monthly articles for the school blog and will work 10-15 hours per week on the SRISA campus in Graphic

Design, Marketing and Communications, Blogging, Photography and Videography, Reception Assistance, Evening Monitor Duties, and/or other positions.

SRISA's Diversity Scholarship Program is a part of its commitment to Generation Study Abroad™, a five-year initiative launched by the Institute of International Education in 2014 to double the number of U.S. college students studying abroad by the end of the decade. For the purpose of this scholarship, diversity is defined as under-represented students in study abroad and includes diversity in ethnic and racial groups, first generation college students, gender, sexual orientation, disability, age, military status.

SRISA's Need Based Scholarships are designed for students who wish to study abroad but lack the financial resources. Eligibility for these scholarships is determined by information from the student's FAFSA (Federal Application for Federal Student Aid), the cost of attending our institution, and other factors such as family size and financial circumstances. Priority is given to Pell Grant recipients. Need Based Scholarships are the only scholarships available for semester and Summer A terms. All other scholarships are only available during the semesters.

Students receiving an Affiliate Discount due to a current partner relationship between their university and SRISA will not be eligible for an Affiliate Scholarship in addition to a Full Scholarship or Partial Scholarship. They will receive the greater of the two scholarships, which would be the SRISA Full/Partial Scholarship.

Students who are awarded a SRISA Scholarship must abide by the SRISA Code of Conduct and Academic Policies. SRISA reserves the right to revoke a scholarship if recipient fails to abide by these program policies or fails to uphold the commitments outlined above.
